

## TRAVEL INSURANCE

**emergency  
medical &  
travel  
insurance**  
for travel  
up to  
two years

According to *Consumer Reports on Health*, you have a **1 in 5 chance of getting sick or injured** while traveling abroad. Still, 70% of people do not buy travel insurance, or buy the wrong type.

Most domestic health insurance won't pay if you get hurt overseas, whether getting sick on a cruise ship or getting stepped on by an elephant in China. And that could leave you with a huge bill.

- ✈ Did you know that **many travel insurance companies don't cover pre-existing medical conditions** (Which is anything you are seeing a doctor for, or are taking medication for, or even kidney stones)? They don't cover it. But we can.
- ✈ Did you know that **many travel policies start drastically reducing medical benefits for seniors** over 65 even though they pay the same price?
- ✈ Did you know that **many travel policies do not cover Israel** or "hot spots" and may not have optional coverage for ziplining, scuba diving, or if hurt on a safari tour?
- ✈ Did you know we are paid the internal commission that insurance companies pay their internal sales people so you get our service and assistance at **NO ADDITIONAL COST?**

Most of our staff have lived and worked overseas ourselves, so we know what you need. **And what you don't.** Depending on where you are going and what you will be doing.

So now you know why we say:

"Insurance doesn't have to be expensive. It just has to be good.  
Good Neighbor Insurance."

**We are easy to work with:** By phone, email, Skype, web and live chat. And we welcome your referrals – Travelers and expats tell other travelers where to find the best deals. 75% of our customers are by referral.

There are many types of travel.  
Shouldn't you be able to choose from  
more than one type of travel insurance?

- We help you find a travel policy that fits  
your specific needs and budget.  
Not the other way around.

We know which policy has the best coverage. And which carrier has the best customer satisfaction. So we eliminate the guesswork. And we have specially contracted rates and plans, even discounted rates for volunteers, charitable and missions work.

***Believe it or not,*** travelers do get hurt. Even stepped on by elephants. One client had to be medically evacuated to Thailand. **His life-threatening accident could have cost over \$60,000 or even cost him his life, but he had travel insurance. And they paid for it all. Even flying a family member to stay with him while he recovered.**

**Safely home, he's now recovering instead of figuring out how to pay a huge medical bill.**

At GNI, we make sure you get the **right** international travel insurance for your travel abroad. For about \$1 a day.

*Yes, we said A DOLLAR A DAY.*

**Because there is no one, "best" travel plan that fits everyone. There is only "the one that is best for you." That fits you and your travel plans."**

*So we listen.*

*To each person that visits.*

*To each person that asks.*

*Eliminating guesswork and recommending the best policy every time.*

*To make sure you, your finances, & your family, stay safe.*

AFFORDABLE TRAVEL INSURANCE PLANS from more than ten of the top international carriers, to fit your specific needs. Worldwide coverage, including emergency evacuation and up to \$500,000 (or more) in medical and travel benefits.

Insurance doesn't have to be expensive. It just has to be good.
